

Truth-in-Savings Disclosures

Retail Checking & Savings Accounts

Effective March 7, 2018

This disclosure contains information about your deposit account. Unless it would be inconsistent to do so, words and phrases used in this disclosure should be construed so that the singular includes the plural and the plural includes the singular.

The Bank may make a change in your Checking Account that will not affect your available balance, interest earnings, FDIC insurance, or bank statement. This Account will consist of a checking sub account and a savings sub account. For regulatory reporting purposes only, the Bank may periodically transfer funds between these two sub accounts. On a sixth transfer during a calendar month, any funds in the savings sub account will be transferred back to the checking sub account. If your Account is a Plan on which interest is paid, your interest calculation will remain the same. Otherwise, the savings sub account will be non interest bearing. The saving sub account will be governed by the rules governing our other savings accounts.
